

DIRECTOR'S DESK

Welcome to www.marinemantra.com! We'll be pleased to have you as a visitor on our website. We trust you will find our site a valuable tool and resource, whether you are a member of our vision plan, vision care provider, sailor, family member of the sailor's fraternity, veteran, a shipping company, Human Resource provider or broker or consultant. We re-designed our website to further demonstrate our company's foundational principle, which is reflected in our new corporate logo on this site. Our new corporate identity includes the words, "Our Members. Our Mission." This phrase captures the essence of our company's existence-to serve our members in their quest for superior vision. This is our ultimate mission.

We are passionate about delivering distinctive, memorable and personalized customer service of a Virtual Maritime 'e' bulletin, creating a virtual almanac for any information concerning the MARITIME INDUSTRY and its ancillary. We create relationships, as opposed to merely completing transactions. The technology evolution enables us, through our new site, to reach out to every stakeholder group by shortening the distance between you and our company or individual requirement. Our website's new robust content and functionality ensure that you will stay updated on our latest services, plan designs, provider networks, events, and new developments.

For our providers, clients and brokers, we enhanced existing tools and developed new ones to improve your efficiencies and reduce administrative tasks. We invite you to explore the sections of our site specific to your role.

While we are proud to introduce our new website, we aren't stopping here! In coming months, you can expect to see more content and features. We encourage you to visit the site frequently to stay current on what is available and what is in store for the future.

We believe this new website is more interactive, welcoming and informative than any previous site on Maritime industry, to say nothing of its new look. The site is reflective of our fundamental belief that it is an honor and privilege to serve every person with whom we interact.
